FOR IMMEDIATE RELEASE

"Survival" SINGLE RELEASE FEATURING KAZ FUEGO

London based rapper and producer Yorke returns in 2025 with his new single "Survival", featuring fellow Trinidad native artist Kaz Fuego. The track blends laid-back flows with an old-school Eddie Okwedy sample, steeped in Yorke's signature tropical vibe. The duo's effortless chemistry makes for a smooth, hypnotic groove—best enjoyed on a beach, surrounded by friends, as past and present blur into one. *Survival* isn't just a song; it's a moment, a feeling, a testament to the journey.

As a solo act, Yorke has been building his resume for a number of years in London's underground rap scene. Notable singles like '210 breezy', 'mirrors', "St.Clair", and "Honey" have helped to grow his fan base across multiple different corners of the globe, expanding his fan base globally, with strong support in his native Trinidad & Tobago.

Kaz Fuego, the featured artist on this track, has previously performed with Yorke at the Servant Jazz Quarters in Dalston. He himself is growing a following with his diverse sound that is heavily impacted by his Trinidadian and Nigerian heritage. Genres found within his musical palette include Afrofusion, Hip-Hop, and R'n'B, all exemplifying the musical influences he is inspired by.

The single will be out on the 28th of March and will be available on all platforms including Spotify, Apple Music, YouTube and iTunes.
